

CEO's Secret Lover Chapter 51 To 55

Chapter 51 - Revenge of Evil

Zhou Yi was her first love, the first boy that she had ever fallen in love with.

However, their feelings didn't obtain the approval of the parents.

Because there was an enormous difference in family conditions between the two of them, she was invited out to talk more than once by Zhou Yi's mother. She was even asked to give her some money so that she could leave Zhou Yi.

Since she was in urgent need of money due to her brother's illness, after weighing the pros and cons, she decided to use the money for her brother's surgery before returning the money to the Zhou family.

When Zhou Yi heard that she had taken the money, he humiliated her severely without a second thought and chose to part ways with her.

Grief-stricken, she tried to explain, struggling to stay, but to no avail. In the end, she could only accept the result of the breakup.

Afterwards, she worked three jobs to earn money to repay the Zhou family's money. However, her younger brother's follow-up treatment was also quite costly. Helpless, she was forced to go to a nightclub by her senior sister.

From the night she met Su Chen Hao, she understood that she and Zhou Yi were destined to be in the past.

Su Chen Hao was rich, and the money he gave her was enough to pay for all the treatment fees, as well as the so-called separation fee he gave to Zhou Yi's mother.

When she gave the money to Zhou Yi's mother, the guilt in her heart disappeared.

From then on, she no longer owed anything to the Zhou family.

Her fate with Zhou Yi was completely over.

Qingyun, Qingyun? Are you all right? " He Mei Xin saw that Luo Qing Yun did not speak, and waved her hand in front of her face.

Luo Qing Yun regained her senses, but her expression was still a bit stiff, "No ... Nothing ... So many years have passed, and he's about to get married. "

"It's good that you can think of it that way, but I heard that during the time you were breaking up with Zhou Yi, Jiang Zhi Xin had appeared in front of him very frequently. He Mei Xin said in a disdainful tone.

Luo Qing Yun did not care about all these, she only laughed bitterly and did not say a word.

"Say, at that time your brother was so seriously sick, your mother was so rich, yet she refused to take out the money to save him. Was it also Jiang Zhi Xin's fault? If that's really the case, then this woman's scheming is too deep. It's entirely possible that you've been tricked. " He Mei Xin looked at herself as she tried to reason with her.

After Luo Qing Yun heard her words, the small heart jumped in shock.

Could it be like this?

"Don't randomly guess, the past is already in the past, I don't want to think about it anymore. We finally met, can't we talk about something happy?" Luo Qing Yun waved her hands, preventing herself from thinking too much.

Seeing that, He Mei Xin laughed embarrassedly, and slapped her own mouth a few times, "Look at me, I'm specially here to cause trouble for you. Forget it, let's not talk about it anymore and talk about happy things. "

The two of them started talking again, and I started talking.

Because He Mei Xin and her best friend had arranged a meal for him, the two of them left each other with their contact methods and went their separate ways.

Luo Qing Yun left the coffee shop and walked along the previously familiar street, her heart filled with disappointment and frustration.

Time is a good medicine. Anything can be cured.

She could no longer remember the pain of losing Zhou Yi, only that handsome face that was as bright as gold.

Returning to Su Chen Hao's villa, Luo Qing Yun felt extremely exhausted.

After taking a bath, he didn't have the mood to cook, so he went to bed early.

When she woke up the next day, she found herself in a warm embrace with Su Chen Hao's handsome and enchanting sleeping face before her.

She had slept so deeply last night that she didn't even know when he had gone to bed.

Gently moving her body, she prepared to get up to make breakfast.

"Don't move, sleep with me for a while longer." He heard his dreamy voice above him.

Fine, then don't move.

Luo Qing Yun sighed, her head quietly resting on his chest, her heart filled with warmth.

Although they hadn't really known each other for long, and their initial relationship had been based on the benefits of money, she could feel a sense of security from him that she hadn't felt in a long time.

Yes, in this world, he was probably the only one who didn't care if she stayed with him for the sake of money or not.

He had the capital to believe that his own charm was enough to conquer her.

She didn't know if his embrace was too comfortable, or if she was too prone to drowsiness, but not long after, she actually fell asleep without feeling anything.

When she woke up again, Su Chen Hao was already gone.

He picked up his phone to check the time, but found that Mei Hui had sent him a long voice message along with a small video.

He clicked on the broadcast and heard Mei Hui's excited voice from the phone: "Manager Lo, it's big news, you might not believe it if I told you, but Lu Rong was taken away by the police early in the morning, and she seemed to have leaked other people's secrets online. I don't remember too clearly. I really didn't expect her to be the one to expose your information online. It's too despicable, too dirty. "This is called 'evil will be rewarded for evil'."

The content of the little video was the scene of Lu Rong being taken away by the police.

Luo Qing Yun looked at her phone in a daze, her mind suddenly thinking back to the conversation between Su Chen Hao and Qiu Ye back at the hotel.

Looks like Qiu Ye was taken away by the police due to Qiu Ye's arrangements.

He thought that they would at most make Lu Rong lose her job, but now, it seemed that they were going to send her to jail.

She had indeed underestimated his ability!

He got up, went downstairs and saw a middle-aged woman in her forties cleaning up downstairs.

When she saw Luo Qing Yun, she immediately greeted her, "Young miss, are you awake?"

Miss?

Is it her?

"Hello, who are you?" Luo Qing Yun walked down the stairs and looked at the unfamiliar woman in front of him.

"I am Sister He, Mr. Su is here to take care of your nanny." The other introduced himself, "Are you hungry? There's breakfast in the kitchen, and I'll bring it to your table. "

The Sister He said, and turned to the kitchen.

Luo Qing Yun never thought that Su Chen Hao would be so considerate to her that he would even specifically ask a nanny to take care of her.

In fact, if there were only the two of them in the house, she would be able to take care of it all by herself.

As the breakfast was served, Luo Qing Yun walked over and started to eat when her phone rang.

The phone call was from He Mei Xin. It was the day after tomorrow, saying that there would be a reunion with her the night before tomorrow.

When Luo Qing Yun just returned to the Y City, she wanted to contact all her classmates who were close to him in the past.

After breakfast, she helped Sister He clean the house again since she had nothing to do.

Although the Sister He had advised in every way possible, and she was feeling all sorts of fear and uneasiness, she could only continue to thank her for her persistence.

They cleaned the house and made lunch together.

In just half a day, their relationship had become very harmonious.

Sister He felt that since she had never met such a good mistress, she would take her job even more seriously.

After lunch was ready, the Sister He asked Luo Qing Yun, "Miss, do you want to give Mister a call and ask if he's coming back for dinner?"

Chapter 52 - Reunion of Students

"I'm afraid he doesn't have the time." Luo Qing Yun was a little hesitant. After all, a busy person like Su Chen Hao must have a lot of things to do in the company. How could he possibly have time to go home and eat?

The Sister He advised from the side, "Even if Mister does not have time to come back to eat, you should be very happy to be able to receive Miss's call."

"Is that so?" Luo Qing Yun thought for a while, then picked up her phone and called Su Chen Hao.

The phone was only picked up after ringing for a long time. Su Chen Hao's low voice came from the other side of the phone, "What is it?"

"That... I wanted to ask if you are coming back for lunch, Sister He and I made your favorite fish ... " Luo Qing Yun carefully probed.

The other side of the phone went silent, Luo Qing Yun thought that her sudden phone call had disturbed him, so she hurriedly continued, "If you don't have time, then it's okay, we can eat by ourselves."

"Half an hour." Su Chen Hao said.

"Huh?" Luo Qing Yun was startled for a moment, and then immediately replied: "Okay, okay, I'll wait for you."

After he finished speaking, he did not dare waste any more of his time, and quickly hung up the phone.

"How is it? Did you promise to come back for dinner? " Seeing her red face and happy expression, Sister He smiled and said.

Luo Qing Yun nodded, "We'll be home in half an hour."

"Alright, then I'll keep these dishes warm." Sister He went to the kitchen with a smile.

Luo Qing Yun then suddenly realized that she was still wearing her pajamas. She hurriedly turned around and went upstairs to change her clothes, while at the same time tidying her hair.

When Su Chen Hao returned, he saw Luo Qing Yun, dressed in a royal blue dress, sitting in front of a table of ordinary dishes, waiting for him to start eating.

Qiu Ye followed behind him and sniffed with an exaggerated look on his face, "It smells so good, no wonder the CEO even pushed away such an important meal, I knew there was delicious food at home."

"Teacher is back." Sister He smiled as she received Su Chen Hao's jacket, put it on a rack and hung it on the side.

Luo Qing Yun also quickly stood up, her clear eyes looked at Su Chen Hao with a trace of guilt, "Did you push away an important meal?"

Su Chen Hao walked to the dining table and sat down, he glanced at the sumptuous meal, and said indifferently, "Don't listen to his nonsense."

"Wow, Luotou ..." No, it should be the Miss Lowe now. Did you do all of this? " Qiu Ye did not hold back, he found a seat and sat down, then grabbed a piece of beef and put it in his mouth and nodded continuously, "En, delicious."

"Don't call me Miss Lowe, just Qingyun. Only the fish and chicken were cooked by me, and the rest were cooked by the Sister He. " Luo Qing Yun did not dare to take all of the credit.

"Don't do it yourself in the future." In comparison to Qiu Ye's praise, Su Chen Hao's reaction was exceptionally cold. After throwing down those words, he picked up the bowl and chopsticks in front of him and started to eat.

Seeing his attitude, Luo Qing Yun was a little disappointed, and her eyes quickly dimmed.

Qiu Ye's eyes were sharp, as he noticed this point, and immediately said, "That's right, Qingyun, cooking is such a dangerous thing, you should avoid it in the future. You said that if you were to be cut by a kitchen knife or splashed with hot oil, CEO would feel heartache. I'm right, CEO. "

Su Chen Hao ignored him, and only glared at him.

Qiu Ye was frightened by the look in his eyes and shrunk his neck, swearing to never speak again.

Luo Qing Yun sneaked a peek at Su Chen Hao, seeing him pick up the chopsticks, the first thing he did was to pick up a piece of fish belly to try, causing his tensed face to relax a little after tasting the taste.

It seemed that he didn't hate this smell.

Letting out a breath of relief, Luo Qing Yun knew that Qiu Ye was probably right.

Su Chen Hao did not allow her to cook, not because he despised her poor cooking skills, but because he was worried that she would be injured.

After all, the last time she cooked in this kitchen, she had broken quite a few of his dishes.

This meal lasted for an hour. Su Chen Hao didn't know if it was because he was hungry, or because his appetite was especially good today, but after eating two bowls of rice, he finished all the fish.

This gave Luo Qing Yun, the chef, a sense of accomplishment.

After the meal, Su Chen Hao did not stay for long. After drinking a cup of tea, he got up and left. Before he left, he told Luo Qing Yun that he did not need to wait for him to come back for dinner.

After sending him out of the door, Luo Qing Yun watched the carriage disappear at the end of the road before returning back into the house.

As expected, Su Chen Hao did not come back for dinner that night, and only returned after she fell asleep. When she woke up in the morning, he had already left.

If she hadn't seen the clothes he had changed out of in the bathroom, she wouldn't have known if he had come back that night.

Perhaps, this was the real Su Chen Hao. As the CEO of a large multinational corporation, the boss behind the large corporation, his daily trip was already packed to the brim. She should wake up without him accompanying her and become a thoughtful woman.

Two days later.

The day for the reunion had come.

She called Qiu Ye early to confirm that he had a social gathering tonight and would not come back to eat. She then put on some makeup and a white, plain dress, preparing to go out.

Sister He originally wanted to call for a driver for her, but with the mistakes that He Mei Xin had made previously, she didn't want anyone to think that she was rich anymore, so she went out on foot to hire a taxi.

The gathering place was at a very famous KTV in Y City.

The location was reserved by a student from Luo Qing Yun's past, who had a very good family background.
The logo features a blue stylized book icon with the text 'Online FREE Novels' in a colorful, playful font. 'Online' is blue, 'FREE' is red, and 'Novels' is green.

The reason she got to know Zhou Yi, her first love, was also because of this rich second generation student.

After arriving at the KTV, the moment he entered the box, he saw that all of his former classmates were there. The noisy music and the warm atmosphere filled the entire box. It was bustling with noise and excitement.

He Mei Xin was the first one to see her. She immediately walked up and pulled her to the sofa to sit down, then turned the music to a mute and shouted towards the people present with the microphone, "Everyone quiet down, look who I've called here today."

At this time, everyone's attention was focused on Luo Qing Yun.

A few close friends immediately walked in front of her, "Wow, Qingyun, it's you. When did you come back? Why didn't you contact us? "

"Qingyun, it's been two years. You're getting prettier and prettier."

"How is it? You won't leave this time, right? Let me tell you, we haven't seen each other in two years.

Everyone talked at once, making Luo Qing Yun's head spin. She only smiled and nodded to everyone.

"Alright, alright, stop being so noisy. Let's have Qingyun sing a song first and open her throat, how about it?" He Mei Xin said, and then placed the phone in Luo Qing Yun's hand, and started to jeer.

When everyone heard this, they applauded to welcome him.

"What is it? Today's reunion will become her, Luo Qing Yun's, welcome? " At this moment, a voice suddenly sounded from the crowd.

Luo Qing Yun raised her head and looked towards the origin of the voice. She noticed that the woman who said these words looked familiar, but she could not recall where she had seen her before.

"You don't recognize it, do you? She's Yue Jiao, Peng Yue Jiao. " He Mei Xin whispered into her ear.

Luo Qing Yun heard and frowned, "Yue Jiao? I remember she didn't look like that. "

"Nonsense, he did a facelift. Can't you tell?" He Mei Xin said in a low voice.

"..." So it was like this. She said how could she not recognize him.

When Peng Yue Jiao saw the two of them whispering to each other, she could not help but become even more angry, "What are you two talking about? Sneaking around, if you have something to say, say it to my face."

"Nothing, it's not that you've changed so much that Qingyun couldn't recognize you, so she just asked me." He Mei Xin said snappily.

"He Mei Xin, what do you mean by that? What do you mean I've changed so much? What do you want to express? " Peng Yue Jiao thought that she was hinting at him making a face, and her temper rose all of a sudden.

"What are you doing? What was he doing? Can you even tear it up like that? I paid for a private room to invite you guys out to have a fight, did you guys come over here? " In the end, the organizer of the event, who was also Luo Qing Yun's rich second generation classmate, Ding Xiang, spoke out to stop the woman's "war" that was about to break out.

Peng Yue Jiao had always been secretly in love with Ding Xiang, so after hearing his roar, she naturally did not dare to speak anymore and could only turn her head with an unconvinced expression.

He Mei Xin naturally gave up and ignored her.

Ding Xiang walked in front of Luo Qing Yun at this time and forced himself between her and He Mei Xin. He pushed He Mei Xin's butt to the side and looked at Luo Qing Yun with a beaming smile, "Qingyun, when did you come back? Why aren't you contacting me? Isn't that not enough of a bro? "

"I just got back, and didn't have the time to contact everyone. Mei Xin said there's going to be a gathering, and I immediately came." Luo Qing Yun explained.

"So it's like that. Then I'll forgive you." Ding Xiang said, he raised his wine cup and drank with Luo Qing Yun.

Peng Yue Jiao who was at the side was already dissatisfied with Luo Qing Yun, but seeing that Ding Xiang was sticking to her, she was naturally even more displeased. She held her wine cup, twisted her waist and walked in front of the two of them, then bowed to Luo Qing Yun and said, "Qingyun, it has been a long time since we last met, let me toast to you too."

Just as Luo Qing Yun wanted to hold the cup with her, she saw Peng Yue Jiao's hand trembled, and a cup of red wine splashed onto Luo Qing Yun's white dress without any warning, forming a glaring red stain.

"Aiya, I am truly sorry. My hand is a bit slippery, and I wasn't able to hold it firmly enough. I threw it all over you. I'm sorry, I'm sorry." Peng Yue Jiao said, as she used a tissue to help wipe the blood off her face.

Luo Qing Yun subconsciously retreated a little, avoiding her hands, not letting her touch him. "It's okay, it's fine if I can do it myself ..."

"Peng Yue Jiao, what do you mean by that? You want to do something, don't you?" Seeing that, He Mei Xin was furious, she immediately rushed forward and started cursing.

"He Mei Xin, are you blind? Can't you see that I didn't do it on purpose? "Qingyun already said it's okay, you can stay here and mind your own business." Peng Yue Jiao was not a merciful person, she directly went back to report.

"You ..." He Mei Xin was not an expert in quarreling, so she was unable to retaliate in time. She could only grind her teeth and stare at him hatefully.

"Oh, it's so lively. What are you guys arguing about?" At this moment, the private room's door was pushed open by someone from outside. A handsome couple walked in.

The first gaze of the man as he entered the private room fell on the sofa immediately. Luo Qing Yun, who was covered in red wine and had an extremely awkward expression, had a smile on his face.

Hearing the voice, Luo Qing Yun raised her head abruptly, and her gaze coincidentally met the other party's gaze. For a moment, her pupils contracted, and the blood on her face instantly drained away, becoming completely pale white.

How could he be so lucky to meet me here?

"Zhou Yi, Zhixin, you two are here." At this time, Ding Xiang stood up from the sofa and greeted his good friend.

Jiang Zhi Xin also quickly noticed Luo Qing Yun's presence, and a look of disgust flashed across her originally smiling face.

"Ding Xiang, this is precisely the reason why you didn't mean it. I was wondering why you only invited Zhou Yi and not me. What, you want to be a peacemaker and let my fiancé relive the dream of being a girlfriend?" Jiang Zhi Xin scanned Luo Qing Yun up and down with disgust, she turned and aimed the cannon straight at Ding Xiang, and said with a weird tone.

Ding Xiang could not afford to bear such a huge crime, he immediately waved his hand and explained, "Big Miss Jiang, you are accusing me wrongly, I only just found out that Qingyun had returned."

"Is that so?" Jiang Zhi Xin obviously did not believe him, she reached out and grabbed Zhou Yi who was beside her, and spoke as though she was swearing

her sovereignty, "Dearest, look, there's nothing fun here, what kind of people are these, let's go back."

Zhou Yi's gaze never left Luo Qing Yun's hazy, small face. After two years of not seeing her, she still looked so beautiful. No, to be exact, she looked even more beautiful and dazzling than before.

On her thin and palm-sized face, a pair of talking eyes were as hazy and enchanting as the rain in Jiangnan. Her delicate and small nose paired with her plump mouth that slightly curved upwards made one want to directly kiss her. Her jet-black hair was naturally scattered on her shoulders. It was as smooth as silk, and it was also ironed. It made her originally pure white skin seem even more ice-cold and pure.

At this moment, an awkward expression of bewilderment appeared on her small face. It was unknown whether it was because she had bumped into him here or because of the eye-catching dark red wine stain on her clothes.

Seeing that Zhou Yi was looking at him absentmindedly, Jiang Zhi Xin's mood immediately turned bad. Seeing that it was about to flare up, Ding Xiang hurriedly walked forward and pulled her hand, "Aiya, I said, Zhixin, you're already here, why don't you sit down for a while and then leave. Why are you in such a hurry to leave?"

Then, he pulled at Zhou Yi again, "Hey bro, why are you not saying a word after entering the door? Is it too exciting to see an old friend or something? Sit down quickly and let's have a few drinks first. "

Zhou Yi regained his senses at this moment and forcefully shifted his gaze away from Luo Qing Yun, allowing Ding Xiang to push him onto the sofa and sit down.

"I'm sorry, excuse me." Luo Qing Yun did not want to stay any longer. She threw those words towards Ding Xiang, got up and walked out of the private box.

After rushing out of the private room, she went straight to the bathroom to wash off all the materials she had on her.

However, alcoholic beverages like red wine, without special detergents, couldn't be cleaned at all. She didn't dare to wet all of her dresses, as that would only make things more difficult for her. After casually wiping it with a tissue, she decided to go home and clean it up.

Coming out of the bathroom, she headed for the front door of the KTV.

Just as he walked out of the corridor, he was stopped by a tall figure.

Chapter 54 - Stay away from him

Lifting her head, Zhou Yi's handsome face that carried anger appeared in front of her.

"Sorry to trouble you." She lowered her head, not looking at his face, trying to walk past him.

"Why did you come back?" Suddenly, he reached out and grabbed her slender wrist. His voice was filled with anger as he asked.

Luo Qing Yun struggled a little, only to realize that she was unable to fight back with her own strength, so she said, "Please let go."

"I'm asking you why you came back!" He pulled her toward him, his big, bright eyes glaring at her with obvious fury, as if he might swallow her in the next second.

"What do you mean? Can't I come back? " She gathered her courage and looked up into his eyes.

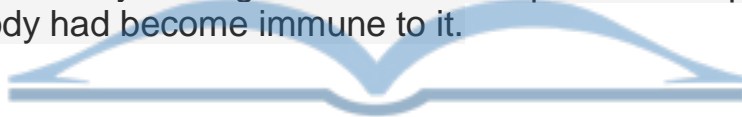

She didn't owe him anything, so why should she be afraid of him?

"It seems that I still underestimated the degree of your shamelessness. However, a woman like you, who can even treat love as a business, would definitely not care about the gazes of others. " Zhou Yi laughed coldly, his face full of ridicule.

His words were like a thorn, fiercely piercing into Luo Qing Yun's heart.

Strangely, she didn't feel much pain.

It must have been two years ago that she had experienced a pain worse than this, and her body had become immune to it.

With a grin, her face revealed an incomparably brilliant smile. "Since Mr. Zhou cares so much about the gazes of others, shouldn't you move a little further away from me? What if your fiancée sees you holding my hand and misunderstands? "

As she spoke, she forcefully pulled away from his grip and rubbed his aching wrist.

"I haven't seen you in two years. Your abilities have not increased, but you have learnt to be sharp tongued. Luo Qing Yun, let me warn you, you better stay away from me and never appear in my world again. Otherwise, I cannot guarantee what I will do to you. " He gritted her teeth and warned her in a low voice.

Luo Qing Yun looked at his face that was a little deformed from anger and felt a chill in her heart, "Mr. Zhou, you are overthinking things. If I knew that Mr. Zhou would come today, I would definitely not have come to this gathering. "I'm sorry, but if there's nothing else, I will take my leave first."

After saying that, she lifted her leg and walked out without looking back.

Zhou Yi looked at her proud back, secretly clenching his fists, his teeth chattering.

Why?

Back then, she was the one who let him down and betrayed their love, allowing him to experience the feeling of being hurt by a woman for the first time in his life. Why did she still dare to act so haughtily in front of him?

This damned woman!

Luo Qing Yun didn't know how she managed to walk out of the KTV's gate. She felt as if her heart was suffocating, her entire body trembling violently.

She rushed to the side of the road and caught a taxi. After getting in, she shut the door. Only then did her tensed mind relax. She had been holding back her tears that were flowing uncontrollably out of her eyes.

When she saw Zhou Yi again, she had thought that even if the relationship between them had completely disappeared, at least they would still be able to nod and greet each other in a friendly manner.

But apparently, she was wrong.

Zhou Yi had never forgiven her during these two years.

Perhaps from the moment they had parted, all he had left for her was endless hatred.

... ..

By the time he got home, it was already around 9 PM.

Sister He saw that her face was pale white, and felt that something was amiss, she hurried over to help her, "Miss, what happened to you? Are you sick? "

Luo Qing Yun gently waved her hand, "I'm fine, Sister He."

"Master is back. He is in the study room." Sister He whispered by her side.

Hearing that, Luo Qing Yun was startled.

Is he back?

So early today.

Lifting his leg, he went upstairs to the study room and gently pushed the door. Indeed, under the lamp, Su Chen Hao was sitting in front of a desk, attentively looking at the documents in his hands.

Light shone from his side and sprinkled onto the document in his hands, softening the rough lines of his face.

The surroundings were extremely quiet. Occasionally, the sound of him flipping through the documents could be heard.

Just like that, Luo Qing Yun stood at the entrance silently watching the serious Su Chen Hao, as if he was possessed by a devil, frozen in place.

It was unknown how much time had passed, until a familiar yet low voice entered her ears, bringing her back to her senses.

"How long are you going to stand there and watch?"

Being discovered, Luo Qing Yun's little face inexplicably flushed, and her expression became a little embarrassed.

"Come in." Closing the folder in front of him, he finally raised his eyes to look at her and commanded.

She lifted her foot and obediently entered the study room. The door closed behind her.

"Why did you come back so early today?" she whispered as she approached him.

"It ended early." He reached out and pulled her onto his lap and pulled her into his arms.

Luo Qing Yun had originally been a little nervous, but the moment he neared Yun Che's chest, it was as if she had gotten used to it, and her entire being relaxed.

"I went to the reunion tonight." She reported her whereabouts to him.

"I know." His chin was on her head, and his voice was surprisingly gentle.

"I won't be going in the future. I'll be waiting for you at home every day." "No," she said.

Su Chen Hao: "Why? Are you having fun? "

More than unhappy.

Luo Qing Yun did not reply him. Instead, she turned her head and kissed the thin lip he was gently pursing with her mouth.

.....

When he woke up, the sky was already bright.

Su Chen Hao had already left as expected.

He opened his cell phone and saw several unanswered calls from the same unfamiliar number.

Who had called her so many times in the morning?

She was still confused, but she still dialed back.

The phone rang three times before it was answered. Before she could say anything, she heard a clear female voice coming from the phone.

"Luo Qing Yun, you're finally willing to answer the phone?"

"You are ... "Who is it?" Luo Qing Yun was confused by the other party's aggressive tone.

"What is it? You're already thinking of ways to seduce my fiancé, and you still want to pretend that you don't know who I am? "

"You are Jiang Zhi Xin?" Luo Qing Yun finally knew the other party's identity.

"Hmph. It seems that you truly plan to take away my fiancé."

"..." Luo Qing Yun was speechless at the thought of her mind.

"I won't beat around the bush with you then. Come to the Green Garden Cafe at two in the afternoon. I have something to tell you." Jiang Zhi Xin said.

"If you have anything to say, just say it on the phone."

"How can it be so clear on the phone? It's a deal then. You'd better show up on time, don't make me wait, my patience isn't very good. " With that said, Jiang Zhi Xin directly hung up, not giving Luo Qing Yun the chance to reject.

Looking at the phone whose screen had turned black, Luo Qing Yun secretly sighed in her heart. It seems that this time, the tree will be quiet but the wind will not.

Forget it, it was better to be clear about some things. She did not want to be treated as an enemy forever.

Chapter 55 - Invitation Letter

At two in the afternoon, Luo Qing Yun punctually appeared at the Green Garden Cafe that Jiang Zhi Xin mentioned.

www.onlinefreenovels.com

Looking around, there was no sign of her.

"Miss, how many of you?" The waiter came up to greet him.

"I'm not sure either. It might be two people." She was not sure if she wanted Jiang Zhi Xin to ask her out, or if she would come along with her.

"Alright, I'll first bring you to find a seat to sit at." The attendant said as he led her to a seat for four near the window.

Luo Qing Yun ordered a cup of the American style and then looked at the time. From the time they had agreed upon two points, five minutes had already passed.

When the coffee was served, she took two sips and saw Jiang Zhi Xin walking in elegantly from outside, dressed in a famous dress and wearing a pair of sunglasses.

Behind her followed a woman in her thirties. The two of them, one in front and one behind, were like celebrities and assistants.

The moment Jiang Zhi Xin entered, she saw Luo Qing Yun, who was sitting next to a French window. She walked straight in front of her, took off his sunglasses, threw them on the table and sat down.

Turning her head, she looked at the woman behind her, "A Ying, give this to her."

The lady called A Ying immediately took out a pink card and handed it over to Luo Qing Yun, "Miss Lowe, this is the Engagement ceremony s' invitation for Miss Jiang, please accept it."

Luo Qing Yun looked at the invitation letter in front of her with the love seal on it, and only felt the tip of her nose slightly sour. Her clear and watery eyes lightly blinked, "This is ... "What do you mean?"

"The meaning is simple, it is to let you participate in Zhou Yi and I's Engagement ceremony." Jiang Zhi Xin said haughtily.

Luo Qing Yun did not extend her hand to receive the card. Although she did not understand why Jiang Zhi Xin had invited her, she clearly remembered that Zhou Yi had said that she did not want to see her again.

"I won't go." Since she refused decisively, she had no obligation to watch this performance.

Jiang Zhi Xin didn't think that she would actually reject him, and immediately said with an unhappy face, "Why? Afraid to witness Zhou Yi's love towards me, and get hit? Or could it be that in your heart, you've always been thinking of Zhou Yi, and are planning to snatch him back? "

"You're thinking too much, Zhou Yi and I have already finished, I no longer have any feelings for him." Luo Qing Yun replied calmly.

"Is that so? Then prove it to me. Speaking of which, I'm really looking forward to receiving your blessings. After all, there should be no better engagement present than the one from my boyfriend's predecessor. " Jiang Zhi Xin raised his eyebrows.

"I told you I wouldn't go, and I ask you to stop your silly fantasies." Luo Qing Yun realized that talking to her was like talking to chickens and ducks. This little girl always gave people the feeling that she had an obsessive-compulsive disorder.

It was as though everyone would covet something that she had her eyes on.

This was a disease, and he had to treat it!

Standing up, she was too lazy to continue talking with her and prepared to leave.

"Don't you want to see your mistress who abandoned her husband?" Jiang Zhi Xin said again.

After Luo Qing Yun heard this, she stopped in her tracks.

Jiang Zhi Xin continued to speak slowly, "I don't know if he was the one who stole my husband, but it looks like he is about to receive his retribution. He seems to be quite ill, what kind of illness is he suffering from?"

"Lung cancer." Assistant A Ying reminded.

"Oh, yes, lung cancer. That was a terrible disease, he coughed non-stop every day, tsk tsk tsk ... As her biological daughter, you don't plan to visit her?" Jiang Zhi Xin gloated.

When Luo Qing Yun heard the two words "lung cancer", her expression froze and she became completely dumbstruck.

In her memory, her impression of her mother had long since faded. Now, she suddenly heard news about her, especially bad news. How could she not be shocked?

Jiang Zhi Xin saw her frozen in place, and slowly stood up, "Don't blame me for not reminding you, maybe this time you went to see her, is the last time you will see her. After all, if your mother really did die, our family would definitely not hold a memorial service for her. "

After throwing down those words, a trace of a mocking smile appeared on her face as she walked out of the room.

Looking at her leaving figure, Luo Qing Yun secretly clenched his fists at his sides, his entire body trembling.

He turned his head and saw that the invitation card was still lying on the table. He reached out to pick it up and put it in his bag.

She knew that she had to go to the Jiang Clan on this trip.

Not for anything else, just to ask the mother who had abandoned them all those years ago, to not regret anything in the future!

After returning home, Luo Qing Yun felt his entire body was about to collapse from exhaustion. His entire body felt extremely uncomfortable, and she even felt a wave of nausea.

Sister He saw that something was wrong with her and immediately asked if she was feeling alright.

Luo Qing Yun only said that she was fine before she went back to her room to rest.

When she woke up and prepared to get up, she found that Su Chen Hao had come back at some point in time. He was currently sitting up on the bed, holding a book in his hands, reading it carefully.

She propped herself up from the bed and looked at the man before her with hazy eyes. Her voice was slightly hoarse as she asked, "When did you come back?"

"After you fall asleep." He put down the book. "Why didn't you tell me if you were feeling well?"

"No, don't listen to Sister He's nonsense. I'm just a little tired and don't feel uncomfortable." Luo Qing Yun's face revealed a light smile, and her head lightly leaned on his shoulder. "You need to worry about so many things every day, it's already tired enough, don't worry about me."

"It's really fine?" He seemed a little worried.

"There's something." She clutched her stomach.

"What's wrong?"

"I'm hungry." Luo Qing Yun giggled at him, then pushed the blanket away and got off the bed, "I'm going downstairs to eat something."

When he woke up the next morning, Luo Qing Yun saw that there were a few beautifully wrapped large gift boxes on the imperial concubine's bed.

What is this?

She got off the bed with a face full of curiosity and walked to the side of the imperial concubine's bed.

At this time, Sister He pushed open the door and entered the room with a face full of smiles, "Miss, you're awake?"

Luo Qing Yun pointed to the boxes, "Where did you get this?"

"Where else could it have come from? Of course it's a gift from mister. " The Sister He replied.

"A gift? It's fine, why would you suddenly send me a present? " As Luo Qing Yun spoke, she opened up the box placed on the top most. Inside, she saw a gorgeous, beautiful, and immortal-looking Hua Lun Tian Nu setting a dress.

"This dress is really beautiful. If Miss were to wear it, you would definitely look like a fairy." Sister He clicked her tongue and praised from the side.

Luo Qing Yun then opened the second box, inside was a pair of beautiful high heels.

The third box contained a luxury handbag for concealed diamonds.

When the last box was opened, Luo Qing Yun felt like his eyes were going to pop out of their sockets.

Inside was a set of pink diamond jewelry.
